Designflooring: Take a closer look

We find the inspiration for Designflooring in the beauty of the natural world and feel passionate about bringing this into every product we create. From the intricate grain details in real woods to the timeless tactile qualities of natural stones, we've used the latest technology to bring you floors that are the ultimate in style and give you exceptionally high performance and quality. And, we've already chosen the best colors, formats and design components for each of our ranges, meaning it's easy to create the perfect design floor for your home.

Plank variation

We prefer our planks to reflect the variance and random character of natural materials.

So, rather than looking uniform and manufactured, each has its own individual grain and appearance.

Wear layer

With a protective wear layer on each plank and tile, our floors are designed to withstand the everyday hustle and bustle of home life.

Do you love the authentic, rustic look of traditional crafted wood planks? Or perhaps you prefer the distinctive texture and intricate patterns of quarried stone? Whatever it is you're after, you're sure to find a look that's just right for you in our wide range of stylish, high quality Karndean Designfloors.

The right look for every room

We know that style is personal and every space is different. To help you find the right floor for your home, see what each of our ranges has to offer:

	Wood	Stone

Designflooring: Inspiration

How to create your perfect floor...

We have put together a quick guide to help you design your new floor. Your floor can be as simple or as intricate as you'd like. Follow the steps below to be on your way to creating a floor that's just as unique and individual as you are.

1 Choose a main color and effect

We have an extensive range of color tones in our **Inspired by Wood** and **Inspired by Stone** collections.

Inspired by Wood:

Choose from our wide selection of planks, each featuring realistic grain and knot details and textures. We offer a varied range of styles ideal to suit any room in your home.

See **Wood at a glance** on pages 151-153

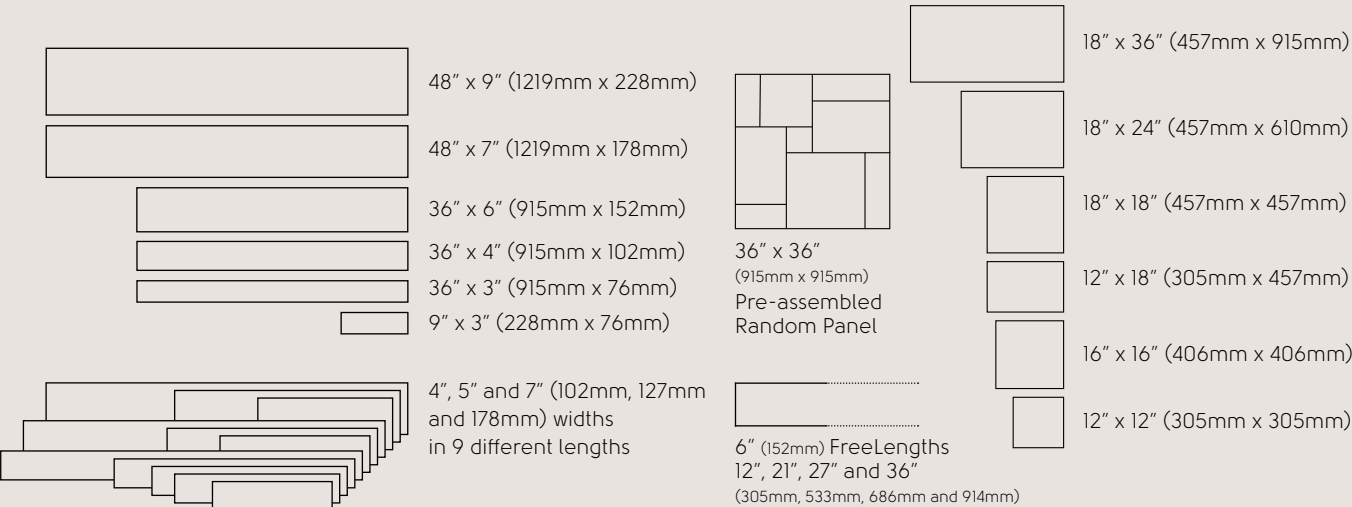

Inspired by Stone:

Choose from a palette of natural beiges and browns to cool blues and greens. With tiles including marble, slate, terracotta and ceramic effects, plus our range of mosaics, metallics and pebbles.

See **Stone at a glance** on pages 154-155

We offer a wide range of plank and tile sizes. To find out available sizes for your chosen product, please see the individual product pages.

2 Add a decorative strip

Once you have chosen your main floor color, you have the option of adding a decorative strip...

Inspired by Wood:

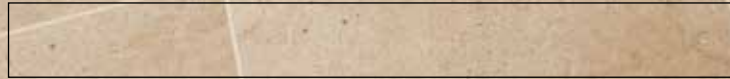

Add a strip between wood planks to create an attractive ship's decking effect.

Inspired by Stone:

We highly recommend adding a narrow strip to a tile floor to create a natural grouting effect.

*Define your space and
get creative with strips*

3 Add a border

To personalize your floor even further or to help define your space, why not add a border?

Keyline Borders

Use single strips
to define a space.
See pages 122-125

Decorative Borders

Choose from a range
of patterned borders
designed specifically
to complement your
chosen floor.
See pages 126-130

Tramline Borders
Use a combination
of strips to create
more emphasis.
See pages 122-125

4 Add a feature

With seven standard designs to choose from and the ability to design your own, a feature creates a focal point in your room. See pages 132-133

Art Select Woods

Inspired and inspiring; full of charm and character, our premium Art Select Wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural timbers, our Art Select Wood collection includes our most intricate designs and realistic embosses. Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.

A photograph of a room featuring a dark wood floor, a staircase, and a large window. The floor is made of wide-plank wood with a rich, dark brown finish and prominent grain patterns. In the background, a staircase with a dark wood railing and white balusters leads up. To the right, a large, ornate wooden cabinet with a carved vase and leaf motif is visible. On the left, a large window with white frames looks out onto a green landscape. A small, light-colored object is on the floor near the window.

Karndean
LooseLay

What makes Karndean LooseLay special?

Karndean LooseLay is a new format of luxury vinyl flooring featuring a friction grip backing that holds the product in place. No clicking. No locking. You don't even need glue in most installations.

Boasting the realistic designs and grain details customers expect from Karndean, LooseLay is available in large scale wood-look planks and stone-look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors. Oh, and it's 100% recyclable!

Where can Karndean LooseLay be used?

Kitchen
Lounge
Bathroom
Bedroom

Loft conversion/
Attic
Playroom/
Nursery

Basement
Hall
Study
Gym

Why Karndean LooseLay?

Quick and easy to install

All you need is a sound, smooth and dust-free subfloor and you're ready to go. It's great because it can be fitted over most existing hard floors.

Low maintenance

All Karndean floors are simple to care for. All it needs is a quick sweep and run over with a mop, warm water and Karndean Clean.

Warm underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. For extra warmth, Karndean is easily used with underfloor heating systems.

Quieter than click or laminate flooring

Our innovative backing helps absorb sound, making Karndean LooseLay perfect where you want to reduce noise levels such as playrooms, bedrooms and loft conversions.

Durable

With a Limited Lifetime warranty* you can rest assured your floor will last for years to come. Unlike real wood and stone, it won't splinter, warp or crack.

*Subject to terms, for more information visit www.karndean.com

Easy to repair

Should you need to replace a piece, simply lift the plank or tile in question and drop in a new one.

100% recyclable

Like the name suggests, you don't need adhesive**, meaning Karndean LooseLay is 100% recyclable. Why not move it into another room in the house for a change of scenery!

** Adhesive may be required for some applications, please refer to installation instructions

Cleaning and maintaining your Karndean floor

Karndean Designflooring is durable and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come.

We have a dedicated section on the website which explains how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

We also have our own Floor Care Kits that you can order from your local retailer, including everything you need for a simple cleaning routine.

Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

After time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

A high-angle photograph of a modern interior. A vibrant red, sculptural chair with a curved back and a four-legged chrome base sits on a light-colored, wide-plank wood-look floor. In the foreground, a round glass-topped table with a chrome wire mesh base holds a white ceramic cup of dark coffee on a matching saucer, and a stainless steel French press. The text 'How to plan your new floor...' is overlaid in white on the red chair.

Things to think about...

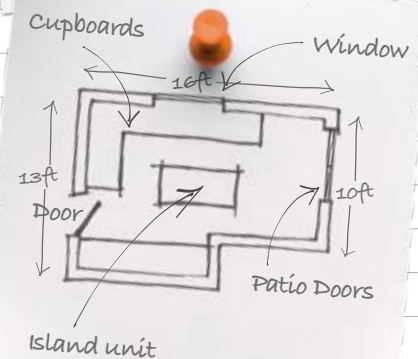

Our expert staff are here to help you design your floor. Pop in to see your local retailer or visit one of our showrooms where you can see larger areas of Karndean Designflooring!

Helpful hints and tips to help you choose your Karndean floor.

1. Which room in your home do you need flooring for?
2. What style suits your home - classic, contemporary, traditional?
3. Choose your effect - Wood or Stone?
4. What colors will suit your space?
Circle the ones you like on the 'at a glance' pages 151-156. Use pictures, cuttings or swatches of colors and designs you like to help you choose.
5. Have you thought about finishing touches? For decorative borders or strips, see pages 122-130.

useful notes

Draw a sketch of the shape of your room with rough measurements to take to your retailer. They will visit your home as part of the service, to take accurate measurements and give expert advice.

Color & Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world and just like variation in color and detail is part of the beauty of nature, it is also a feature of some of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your Local retailer to show you a larger sample of the product.
